ABOUT BARIQI

Gold, traded on a name you trust.

Bariqi is a Ras Al Khaimah based brokerage and facilitation house focused primarily on **physical gold**. We connect credible buyers, sellers, refiners and professional counterparties, helping suitable transactions progress through structured introductions, communication and coordination.

Our name carries our standard. **Bariqi** is a nisba honouring the companion Urwah al-Bariqi (R.A.), a trusted merchant known for his honesty and skill in trade, remembered in a well-known hadith in which a single dinar, handled with integrity, was multiplied through blessed and upright dealing. Fittingly, the Arabic root *bariq* also evokes a gleam of light. That heritage is why people deal with Bariqi by name.
